

The Role and Performance of Fire and Smoke Resisting Door Assemblies

The importance of fire and smoke resistant door assemblies is easily illustrated by **the 311 deaths per year** in fire tragedies in the UK alone. Apart from the human toll, **property losses each year approach £2.52 billion**.

The CPD accredited presentation covers:

Hard facts concerning **deaths, injuries** and **property damage** caused by fire and smoke

Regulatory requirements for fire and smoke resisting door assemblies

The **nature and behaviour** of smoke

Effective design of door assemblies for smoke containment including the **threshold gap**

Design **conflicts** between **fire containment, smoke containment, durability and ease of operation** of the door

Independent accreditation

Attending this seminar will award you with 1-hour's Continual Professional Development (CPD)
