

LORIENT

Architectural Seals

Extruded Elastomeric Seals

Light Duty Compression Seals

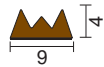

IS1020

6 metre coil (2 x 3m)

IS1030

6m or 100m roll
(2 x 3m or 1 x 100m)

IS1040

6 metre coil (2 x 3m)

■ Fitting Instructions

1. Ensure that all contact surfaces are clean, dry and free from surface dust. If painted, the surfaces must be well cured.
2. Separate coils of seal.
3. Position seal onto door stop/jamb and by progressively removing backing paper, apply to jambs first then to head of door frame.
