

UNDERSTANDING THE REGULATORY REFORM (FIRE SAFETY) ORDER 2005 & ITS IMPLICATION FOR FIRE DOORS

From 2007-2011 there were **233 prosecutions** in England and Wales under the RRO, ranging from large companies such as the Co-op who were fined £210,000 and small family run businesses who have also been targeted. The RRO shifts the blame to the 'responsible person' of that building; meaning anyone can be prosecuted under the act for lack of fire safety.

The CPD seminar cover:

Quick introduction to the RRO and who is responsible for a building's fire safety

Examples of companies who have come under fire from the RRO

The danger of fire and smoke

The importance of fire doors including installation and maintenance.

Examples of poorly maintained and fitted fire doors with cost effective solutions

Attending this seminar will award you with 1-hour's Continual Professional Development (CPD).
