

NEW DROP SEALS

Lorient is delighted to launch a number of high performance drop seals from its Architectural Seals range. Designed and manufactured in the UK, each of our new drop seals feature unique gaskets for optimum acoustic, smoke and energy containment.

◀ LAS8014 SI **47dB**

A heavy-duty aluminium drop seal featuring a wraparound outer gasket with an internal gasket for enhanced acoustic performance. A high efficiency mechanism lifts the seal clear of the floor as soon as the door is opened by a few millimetres.

- Superior acoustics: 47 dB.
- A parallel drop mechanism.
- Acoustic: BS EN ISO 10140-1: 2010+A2: 2014 (Annex J).
- Die cast end plates available in a metallic finish for premium aesthetics.
- Smoke: BS 9999.
- Durability: 1 million cycles.

◀ LAS8012 SI **43dB**

LAS8012 si & LAS8013 si are heavy-duty aluminium drop seals featuring twin gaskets for excellent acoustic performance. Both seals feature a high efficiency mechanism, which lift the seals clear of the floor as soon as the door is opened by a few millimetres. They require no power connection.

◀ LAS8013 SI **43dB**

- Smoke performance: BS 9999.
- Durability: 1 million cycles.
- LAS8012 si - acoustic performance 43dB (BS EN ISO 10140-1: 2010+A2: 2014 (Annex J)).
- LAS8012 si is supplied with push-fit end caps.
- LAS8013 si - acoustic performance 40dB (BS EN ISO 10140-1: 2010+A2: 2014 (Annex J)).
- LAS8013 si is supplied with die cast end plates in a metallic finish, where premium aesthetics are required.
