

Accessories

OPTIONAL

	Type	Size (mm)	Details
	Audio / Visual Warning	115w x 115h x 60d	An extra optional Audio Monitoring System (AMS) can be connected to the DCM wiring circuit. This device would be incorporated to draw attention to the DCM status display in the event of a fault occurring.
	Battery Back-up	162w x 120h x 75d	The DCM incorporates a connection for a battery back up option. An appropriate re-chargeable battery and enclosure is available if required.
